

# Agenda 2012

Order and receive the agenda at home!

Kitsch Kitchen travels the world for the exotic themes for our agenda. This year we decided to stay close to home. This is the 8th edition of the Kitsch Kitchen agenda. The theme of the agenda 2012 is the mix of cultures in big cities in Europe.

On every street you can find traces of these different cultures: in stores, restaurants, on markets, in parks and on the tram you can see the cultural diversity. The cover of the agenda is available in different prints and can be used every year. This year we have a special edition cover with lace.
